	<i>Legado:</i>			
Grand Corona	Legado	5¾	47	CC

Puerto Rican cigar lover Luis Falto envisioned a series of blends that would meet his high standards of quality, taste and construction. In 1995, he began working with the La Aurora factory in the Dominican Republic to achieve this goal and after selling his Falto cigars locally, he expanded distribution to a limited number of U.S. retailers in 2008.

The base Falto blend is medium-to-full in body; the Reserva Especial Tres Luises is medium; the Gran Reserva Especial Prominente is medium-to-full; the Reserva Seleccionada is full-bodied and the Legado (a 10-year anniversary blend) is medium. The Invicto was added in late 2008 with a medium-to-full body. The Seleccion Especial (full body, only 4,000 made) and El Josco (medium to full) were added in 2009. Most sizes are offered in boxes of 25 except for the Reserva Especial Tres Luises group, presented in 20s and the Seleccion Especial, in bundles of 24.

Planned for 2010 is the Falto Privilegio “Mi Viejo,” to be issued in honor of Falto’s late father, in two blends: Liga No. 8 and Liga No. 9. Both will have an Ecuadorian-grown Corajo wrapper and be offered in two sizes.

Perfecto	Fuente Fuente Opus X El Escorpion	6¾	51	CM
----------	--------------------------------------	----	----	----

This is a special line created in 2006 by the Tabacalera A. Fuente and distributed by Prometheus International of Commerce, California. The Don Carlos Edicion de Aniversario was created by Carlito Fuente to celebrate the 30-year anniversary of the Arturo Fuente Don Carlos line. A total of 3,000 cigars of size were made and sold in 100 humidors of 90 cigars each in 2006. A separate release of 800 boxes of 30 cigars each (24,000 cigars) was made in 2007, and 300 boxes of each size in boxes of 10 (9,000 cigars) was made in 2009.

“The Lost City” edition debuted in 2009 and was created thanks to a 2004 collaboration between Carlito Fuente and actor-director Andy Garcia. The latter wanted to film scenes for “The Lost City” movie in the Fuente tobacco fields, but the shooting schedule was for July when the fields were empty. Fuente planted 15 acres of tobacco to accommodate Garcia, and the tobacco was harvested and used for this special series of cigars. Five sizes were made from that 2004 crop and have black secondary labels: Robusto (500 boxes of 10); Double Robusto (1,000 boxes of 10); Toro (500 boxes of 10), and Piramide (300 boxes of 10), plus 200 special humidors that have 10 each of the Piramide, Toro and New Perfecto. In addition, two sizes of Fuente Fuente Opus X were created for this line, marked by red secondary bands, the Lancero (available in 300 boxes of 10) and Love Affair, both included in the special humidors.

The all-Dominican Don Arturo Gran AniverXario cigars were made in 2001 and not released until 2008. It was offered only in 96 humidors of 96 (9,216 total) in 2008, and in 2009 as part of a 1,000-box series packaged with *The Fuente Story*, a biography of Carlos Fuente. Sr. Two special sizes of the Fuente Fuente Opus X line were included with the package: Tauros the Bull (birth sign of both Carlos and Carlito Fuente) and El Escorpion (birth sign of Arturo Fuente).
